## IS YOUR CHILD THE NEXT...

### SUBJECT: REGISTRATION 2018

The 2018 Little League baseball season is fast approaching! The organizing committee is proud to offer the following option for registration.

1. We now offer an easy online registration on our website.

### Divisions

#### **Tee Ball (5-6 years old):**

This is a new division created for young ball players.

The player must be accompanied by a guardian on the field at all times. Together, they will develop fundamental skills through fun based drills and activities to excel at baseball. The drills will be ran by a league representative. The season will end with Tee Ball games.

#### **Rookie Ball (7-8 years old and select 6 year olds):**

In this division, players will start to learn the rules of the game and will apply the proper baseball mechanics learnt in the previous division. The players are subject to coach pitch (own coach throws the ball) when they are batting and they will play a small scaled version of baseball.

#### **Minors (9-10 years old):**

The players are engaged in a real baseball game where they will learn the strategies of the game (i.e. base stealing)

#### **Majors (11-12 years old):**

The players are engaged in a real baseball game where they will learn the strategies of the game (i.e. base stealing)
